TUESDAY

**ACTIVITY
TIME**

Stress Ball

What You Need:

- Flour (3/4 cup)
- Yarn
- 1 Little Funnel
- 1 Empty Water Bottle
- 1 Permanent Marker

What You Do:

1. Pour the flour into the empty bottle using the funnel.
2. Blow up the balloon a little bit, and put it over the neck of the bottle. Make sure some air stays in the balloon.
3. Move the flour from the bottle into the balloon by turning it over. This will probably take some tipping back and forth, and some tapping of the bottle.
4. Once all the flour is in the balloon, remove the balloon from the bottle and slowly let the remaining air out of the balloon. If you go too fast, the air could blow too much of the flour back out.
5. Tie a knot on the balloon.
6. Draw on a face using a sharpie marker! I googled “cartoon faces” under google images for a few ideas. You can also add some yarn hair by tying it around the knot on the balloon!

Candy Sushi

What You Need:

- 2 Rice Krispy Treats
- 2 Fruity Candies
- 2 Fruit Rollups
- 2 Twizzlers
- 1 Plate
- 1 Plastic Knife

What You Do:

1. Open your Rice Krispy treats and cut them into squares using your knife. After you have made your rice krispies into squares, you can put them on your plate.
2. Open up your candy and Twizzlers, but not the Fruit Rollup.
3. Now get creative! Place any of those three candies on your squares to look however you would like!
4. After your sushi looks good, now your Fruit Rollup is ready to be opened! You can cut the fruit rollup into slices (you choose how big those slices should be) and wrap it around your sushi like seaweed!
5. Enjoy your tasty treat!
